Hot Tips for Home and Lawn

Did you know apple juice can be used to trap pesky wasps? Or that Rain-X can be used to scum proof your shower door? And Gerbera daisies make a great houseplant for cleaning the air?

Click the images below to learn more great tips for your home and lawn.

According to Poor Richard's Almanac...

- The hottest day in June will be the coldest correlating day the following February.
- A wet June makes for a dry September.

On a Personal Note

At the end of this month, Vice President, Ron Chapman will be retiring from Shoemaker Homes and taking the next step in life's journey. He has been an integral part of our team since 2005.

Phase 3

NOW OPEN!

Let's Stay Connected!

"Ron's compassion for excellence will be missed and his commitment to customer service will be hard to duplicate. His hard work and dedication are worthy of admiration." said Scott Shoemaker, President of Shoemaker Homes.

Ron won't be going too far, after all he is Scott's father-in-law. We wish Ron and Brenda the absolute best in his upcoming retirement.

At the end of June, we will hold a private farewell celebration to honor his service. If you would like to reach out to him, please feel free to message him at: ron@shoemakerhomes.com.

"Continuous effort - not strength or intelligence
is the key to unlocking potential."
-Winston Churchill
