**Buy a Tree Bag When You Get Your Tree:**

Slip a tree disposal bag over the base of the tree before putting it in the stand. (Tear a slit for the trunk so the tree can get water!) The bag is hidden under the tree skirt until you're ready to haul the tree out the door-without leaving a trail of needles through the house. Just remove the ornaments from the tree, pull the bag up like a pair of pants, and you're on your way. For other great tips, [visit The Family Handyman](#).
